## 3 Components

TRACK

BACKING MATERIALS

FABRIC COVERINGS

## A Simple System

The **Track** frames the **Panel** and holds the **Fabric** taut

Acoustical **ReCore®** provides a **Durable & Tackable Backing**

Excess **Fabric** is rolled into the **Hidden Channel**

The **Fabric Roller Tool** Rolls the **Fabric** into The **Track**

## Infinite Applications

Wall & Ceiling Graphics

Baffles & Clouds

Wall Protection

Doorboards

Tackable Wall Finishing

Bulletin Boards

### ACOUSTICAL

- Absorbs Reverberated Sound
- Enhances Speech Intelligibility
- Resists Sound Transmission

### TACKABLE

- Holds Tighter Than Cork
- Won't Break Down or Crumble
- Naturally Self-Heals

### DURABLE

- Tougher Than Painted Walls
- Shatter-Resistant Frame
- Impact Resistant
- Shock Absorbent

### FLOATING FABRIC

- Allows For Easy Changeability
- Mitigates Visible Damage
- No Glue!

### CHANGEABLE

- Fabric Is Easily Replaced
- Reduces Maintenance Costs
- Reduces Waste

### SUSTAINABLE

- 60% Post-Consumer Content
- Thermally Insulative
- 100% Recyclable
- Reduces Waste
- 100% VOC free

## Legendary Support

We offer a full catalog of Resources at [Fabricmate.com](http://Fabricmate.com)

CSI Spec Selector • Layout Profiles • DWG Objects for CAD Placement • Value Engineering Training, Tutorials & Quotes • Product Knowledge Sheets • Material Calculator • CAD Details

## 1 WALL FINISHING SYSTEM

Site-Fabricated Flexibility

Conforms to any architectural feature • Significantly reduces maintenance costs

## 2 PRE-MADE PANELS

Ready-To-Hang Convenience

Easy To Put-Up • Arrives Ready-To-Hang • Built-To-Last • Useful Anywhere

MAKE BLAND WALLS USEFUL AND ATTRACTIVE

Magnetic Options Available

CLEAR THE CLUTTER & KEEP THE IMPORTANT THINGS IN SIGHT

## 3 MODULAR PANEL KITS

Ready-To-Install Hybrid

Each kit includes everything you need to create a large affordable bulletin board panel

INSTALLATION IS QUICK AND EASY: THIS 4' X 12' PANEL WAS PUT UP IN HALF-AN-HOUR

# THERE IS MORE THAN ONE WAY TO FINISH A WALL

## WHY PAINT?

Paint offers little protection and functionality to the walls it covers. It scuffs easily and does nothing for acoustics. Worst of all, maintaining painted walls in high-traffic areas requires constant effort. Do away with the mess and hassle of paint and cover your walls with something more sustainable.

## RETHINK YOUR WALLS

What are your walls doing for you? Can they improve acoustics or provide thermal insulation? Are they tackable - able to accept push-pins for hanging photos or documents without leaving holes behind?

## WALL FINISHING REDEFINED

The Fabricmate Wall Finishing System is the perfect alternative to paint. It is high-impact, offering superior wall protection. It absorbs reverberated sound to significantly improve acoustics. By design it mitigates visible damage, lasting far longer than painted walls while greatly reducing maintenance costs. Being tackable and even magnetic means that every surface is an opportunity for communication.
