SMR & GREENLAM®

Greenlam is known as a world leader brand for its lamination. SMR is an authorized distributor of Greenlam and has been importing Greenlam as a business partner for more than a decade, dealing in below;

- Solid Phenolic Toilet Cubicles
- Phenolic Lockers
- Phenolic Base and Wall cabinets specially for Labs
- Phenolic Benches

SMR provides a wide range of solid colors and wood grain patterns in matt and glossy finish.

Toilet Cubicles

Understanding that there is a need for the restroom cubicle system the ability to tolerate heavy usage and deterioration, Greenlam Cubicle is created. This restroom cubicle system functions under harsh conditions and remain as magnificent as ever. Integrating both nylon and aluminum materials in the construction, as the aesthetics of the restroom are brought to a new level.

Lockers

Breaking away from conventional metal lockers, SMR lockers explores the possibilities in the usage of High Pressure Laminated (HPL) compact boards. Unlike conventional lockers made of wood, metal or plastic which are more prone to rot, corrosion and vandalism, HPL lockers are amazingly durable.

Cabinet (Labs & Toilets)

Greenlam is a high-pressure laminate and a solid composite panel, engineered as laboratory grade surfaces commonly exposed to acids, solvents, general reagents and cleaning agents. It is primarily suitable for laboratory work surfaces, cabinet drawer fronts, and washroom vanity cabinets. Greenlam provides exceptional chemical and stain resistance with the flexibility and design advantage of Post-forming grade laminate and Thick, Solid Phenolic Cores.

Phenolic Custom Designs

The surfacing possibilities of this product are limitless and not bound to the above-mentioned usages. A few more ways to utilize Greenlam HPL Board includes, Kitchen and Vanity Cabinets, Shelves, Benches for Swimming pools and parks, Tables, Trashcans, etc. The laminates are offered in variety of colors and effects satisfying your concerns for hygiene, water and stain resistance, antibacterial protection and durability.
